To Whom It May Concern:

Mr. Bennett and his consulting firm were engaged with El Paso Corporation for over three years from 2001 to 2004. In that time Mr. Bennett and his team solved many performance problems and provided facilities management services for our mainframe systems.

I would recommend Jerry as a knowledgeable and capable Information Technology leader. His ability to manage projects, people and difficult situations is exemplary.

He has my whole-hearted support in his professional endeavors.

Sincerely

Mr. Buddy Powell
