

August 1, 2004

Dear Sirs,

Jerry Bennett and his company, BGI provided sub-contract services to three HDS projects: Prudential Services Corporation consolidation study (1996 - 1997), State of South Carolina IT Consolidation in 1998 and Southern California Edison process automation in 1999.

In all instances his contributions were of the highest quality. I would recommend Jerry for any Information Technology project than can take advantage of his experience.

Sincerely,

Michael Perry,  
Sr. Project Manager,  
HDS Professional Services  
Dallas, Texas
